"IN OUR 2nd CENTURY OF SERVICE"

Date:

Policy Number:

Dear policyholder,

Cyber hacking is big business, and anyone can be a victim. Targets include individuals, small businesses and large corporations. All of your data, including sensitive customer and employee information such as credit card and social security numbers are prime targets for a cyber-hacker.

Unfortunately, your standard business insurance program does not provide coverage for cyber-attacks. That's why we are introducing an important coverage option for your insurance program that provides a level of protection in the event of an unfortunate breach.

At your next policy renewal we will be adding a Cyber Liability Endorsement (CL-100). This endorsement provides \$100,000 of coverage for an additional premium of \$100. To review the form in its entirety, please visit our website at www.enia.com then look under the Products section and click on "Cyber Liability Coverage."

If you want to include the Cyber Liability Endorsement (CL-100) in your insurance program at the next policy renewal, no action is required by you.

If you do not want this coverage added to your policy, please sign and date this form and return it either by e-mail or US Mail within 15 days of receipt of this letter:

E-mail: commercial@enia.com

Mail: Erie and Niagara Insurance Association
